

For Immediate Release

GVI Medical Devices and Mid-Atlantic Imaging Services Announce Strategic Alliance Agreement

Twinsburg, Ohio, Columbia, Maryland – March 12, 2009

GVI Medical Devices and Mid-Atlantic Imaging Services announced today that the companies have executed a long term Strategic Alliance Agreement. Under terms of the agreement, Mid-Atlantic Imaging will be the exclusive service provider for GVI Medical ClearVision™ and OnePass™ products; while Mid-Atlantic will license its maiCAM™ mobile nuclear cardiology SPECT technology and all related intellectual property to GVI Medical. Continued development of the maiCAM system will be done by GVI Medical and they will have exclusive rights to manufacture, market and sell the system as part of the GVI product line beginning in Q3, 2009.

According to Randy Sommerdyke, President of GVI Medical, "This agreement with Mid-Atlantic Imaging is extremely positive for our customers and the continued growth of our company. Consistent with our commitment of providing our customers with top quality service and support, Mid-Atlantic provides the experience and expertise in nuclear service to achieve this goal. With the addition of the maiCAM technology we will now have a complete nuclear cardiology product line including fixed SPECT, mobile SPECT and first-pass solutions to meet the specific imaging requirements of our customers."

Paul Lilly, President of Mid-Atlantic Imaging, stated, "We have maintained a high level relationship with GVI Medical over the years and we are pleased with the benefits this agreement provides to both companies and our respective customers. This agreement allows us to combine our expertise in nuclear service with GVI's expertise in product development, manufacturing and sales so we can offer the most competitive product and the best experience to our customers."

About GVI Medical Devices

GVI Medical personnel have a tradition-rich history of providing the nuclear cardiology community innovative and cost-effective diagnostic nuclear imaging products. Our ClearVision™ SPECT and OnePass™, dedicated first-pass, systems provide new generation capability and advanced design benefits. Additional information is available at www.gvimd.com.

About Mid-Atlantic Imaging Services
